

Ideation Phase  
Empathize & Discover

Date	21 October 2022
Team ID	PNT2022TMID08447
Project Name	Smart Farmer - 10T Enabled Smart Farming application
Maximum Marks	4 Marks

Empathy Map Canvas:

An empathy map is a simple, easy-to-digest visual that captures knowledge abuser's behaviours and attitudes.

It is a useful tool to help teams better understand their users.

Creating an effective solution requires understanding the true problem and the person who is experiencing it. The exercise of creating the map helps participants consider things from the user's perspective along with his or her goals and challenges.
